

Profile – October 2017

CU Business Group is a CUSO focusing solely on business services. The following are highlights of our history and the services we bring to the credit union industry.

- ❑ Initially formed in August 2002 as a CUSO of Northwest Corporate – now owned by six corporate credit unions.
- ❑ CU Business Group now has a staff of 44 business services professionals.
- ❑ We now work with 562 credit unions in 46 states to help them deliver quality business services.
- ❑ We sign on an average of three new credit unions every month. Our credit union retention rate is over 98%.
- ❑ Our loan services include underwriting, loan documents, risk monitoring, consulting and training on business loans. We do not fund loans – we only provide recommendations, advice and training. To date, credit unions have submitted over \$8 billion in business loan packages for our review.
- ❑ CU Business Group's organic growth in loan volumes is 10%-20% annually.
- ❑ Independent loan reviews are an integral part of the services we provide. As credit unions grow their own in-house programs it is imperative that they review and maintain a sound business loan portfolio. Our staff has the knowledge and expertise to provide these independent reviews for quality control or problem situations.
- ❑ The CUBG Participation Network is a major strength, bringing together all our credit unions to share in buying and selling opportunities on larger loans.
- ❑ A large part of our consulting work centers in the business deposit area. Credit unions are typically not set up to handle business accounts and we spend considerable time helping them with account structure, pricing, operations and compliance.
- ❑ We also help credit unions put together a complete package of business services. This includes merchant bankcards, business remote deposit capture, ACH, and tax payments, marketing materials, and training on products and sales techniques.
- ❑ Education sessions are a major part of our role in the industry. Our education staff regularly lead sessions across the country and via webinar on all aspects of business services.
- ❑ CU Business Group obtains an SSAE16 Type II audit report annually which evaluates the controls of our systems and operating processes.
